At Western Health Advantage, we pride ourselves on the value we bring to our membership and constantly seek ways to make our plan even more accessible to our local community. To that end, we're increasing our efforts to reach out to the uninsured in the greater Sacramento area.

Western Health Advantage is pleased to announce that effective immediately, we will give a preferred .90 Risk Adjustment Factor to all previously uninsured groups\* with 2 to 50 eligible employees!

Let's get the word out about this exciting development. Tell your staff, spread the news and, as always, feel free to give our dedicated, local sales department a call if you have any questions!

\*In order to qualify, employers must not have had an active group plan for six months, and WHA must be the sole carrier with a minimum of two enrolled employees. This incentive is not available in the Auburn area or in El Dorado county.

*within reach, beyond expectation*
