

ANOTHER ADVANTAGE: Special pricing for our chamber partners.

Employers join Chambers of Commerce in order to give their businesses an advantage in the marketplace. How about helping them make another smart choice?

At Western Health Advantage, we pride ourselves on the value we bring to all of our member groups. We're excited to be able to make the deal *even better* for employers who belong to one of the chambers of commerce participating in our Preferred Business Partner Program.

New groups that enroll through this program will be able to offer their employees WHA's exceptional benefits at a savings of 5% or 10% off our standard rates.*

The word is out about this program – make sure *your* clients know about it! Tell your staff, spread the news and always feel free to give our dedicated, local sales department a call if you have questions!

*Groups new to WHA with 2-5 participating employees will receive a .95 RAF, or 5% savings off our standard rates, while groups of 6 or more will receive a .90 RAF, or 10% savings. Select WHA plans are offered within each Chamber.
