## PRESCRIPTION DRUG COVERAGE

Covered Prescription medications included in a member's Prescription drug plan are categorized as Tier 1, 2, 3 or 4 in WHA's Preferred Drug List (PDL). A member's PDL can be requested by calling WHA Member Services or viewed online at [mywha.org/Rx](http://mywha.org/Rx).

NOTE: All medications included in the PDL are evaluated regularly for their efficacy, quality, safety, similar alternatives, and cost to ensure rational, cost-effective use of pharmaceutical agents. A drug's presence on the PDL does not guarantee that the member's Participating Provider will prescribe the drug. There are a small number of drugs, regardless of tier, that may require prior authorization to ensure appropriate use based on criteria set by WHA.

**Preventive medications, supplements and vaccines:** Aspirin, folic acid (including in prenatal vitamins), fluoride for preschool age children, tobacco cessation medication, contraceptives, and preventive vaccines, including those for flu and COVID-19, are covered without member cost-sharing; see Appendix A in your EOC/DF for a complete list. Generic required if available.

**MANAGING YOUR TRADITIONAL PLAN:** To review amounts applied to your out-of-pocket (OOP) maximum, simply access your accumulator at [mywha.org](http://mywha.org). If you have any questions about how much has been applied to your annual OOP maximum, or whether certain payments you have made apply to the OOP maximum, call WHA Member Services.
