INTRODUCTION

This document is an addendum to your WHA *Evidence of Coverage* ("WHA EOC") to add coverage for pediatric dental services as described in this dental *Evidence of Coverage and Disclosure Form* ("Dental EOC" or "Addendum").

WHA contracts with Delta Dental of California ("Delta Dental") to make the DeltaCare USA network of Contract Dentists available to you. You are assigned a Contract Dentist from the DeltaCare USA network. You can obtain covered Benefits from your assigned Contract Dentist without a referral from a Plan Physician. When you visit your assigned Contract Dentist your Cost Share is due and you pay only the applicable Cost Share of Benefits up to the Plan Out-of-Pocket Maximum. These pediatric dental Benefits are for children from birth to age 19 who meet the eligibility requirements specified in your WHA EOC. See your WHA EOC and medical copayment summary for further information about your Plan Out-of-Pocket Maximum.

IMPORTANT: If you opt to receive dental services that are not covered services under this Plan, a Contract Dentist may charge you their usual and customary rate for those services. Prior to providing a patient with dental services that are not a covered Benefit, the Contract Dentist should provide to the patient a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. To fully understand your coverage, you may wish to carefully review this Dental EOC.

Additional information about your pediatric dental Benefits is available by calling Delta Dental's Customer Care at **888-282-8528**, from 5 a.m. – 6 p.m. Pacific Time, Monday through Friday.

Eligibility under this Dental EOC is determined by your Health Plan.

Using This Dental EOC

This Addendum discloses the terms and conditions of your pediatric dental coverage and is designed to help you make the most of your dental plan. It will help you understand how this dental plan works and how to obtain dental care. Please read this Dental EOC completely and carefully. Persons with Special Health Care Needs should read the section entitled "Special Health Care Needs." A matrix ("Schedule C") describing this Plan's major Benefits and coverage can be found on the last page of this Dental EOC.

DEFINITIONS

In addition to the terms defined in the "Definitions" section of your WHA EOC, the following terms, when capitalized and used in any part of this Dental EOC, have the following meanings:

Administrator: Delta Dental Insurance Company or other entity designated by Delta Dental operating as an Administrator in the state of California. Certain functions described throughout this Addendum may be performed by the Administrator as designated by Delta Dental. The mailing address for the Administrator is P.O. Box 1803, Alpharetta, GA 30023. The Administrator will answer calls directed to **888-282-8528**.

Authorization: the process by which Delta Dental determines if a procedure or treatment is a referable Benefit to Enrollees under this Plan.

Benefits: covered dental services provided to Enrollees under the terms of this Addendum.

Contract Dentist: a DeltaCare USA Dentist who provides services in general dentistry and who has agreed to provide Benefits under this dental plan.

Contract Orthodontist: a DeltaCare USA Dentist who specializes in orthodontics and who has agreed to provide Benefits under this dental plan which covers medically necessary orthodontics.

Contract Specialist: a DeltaCare USA Dentist who provides Specialist Services and who has agreed to provide Benefits to Enrollees under this dental plan.

Copayment: see definition of "Cost Share."

Cost Share: the amount listed in the Schedules attached to this Addendum and charged to an Eligible Pediatric Individual by a Contract Dentist or Contract Specialist for the Benefits provided under this Plan. Cost Share amounts must be paid at the time treatment is received.

Delta Dental Service Area: all geographic areas in the state of California in which Delta Dental is licensed as a specialized health care service plan.

Dentist: a duly licensed dentist legally entitled to practice dentistry at the time and in the state or jurisdiction in which services are performed.

Department of Managed Health Care: a department of the California Health and Human Services Agency who has charge of regulating specialized health care service plans. Also referred to as the "Department" or "DMHC."

Eligible Pediatric Individual: a person who is eligible to enroll for Pediatric Benefits as described in this Addendum.

Emergency Dental Condition: dental symptoms and/or pain that are so severe that a reasonable person would believe that, without immediate attention by a Dentist, it could reasonably be expected to result in any of the following:

- placing the patient's health in serious jeopardy,
- serious impairment to bodily functions,
- serious dysfunction of any bodily organ or part, or
- death

Emergency Dental Service: a dental screening, examination and evaluation by a Dentist or, to the extent permitted by applicable law, by other appropriate licensed persons under the supervision of a Dentist, to determine if an Emergency Dental Condition exists and, if it does, the care, treatment, and surgery, if within the scope of that person's license, necessary to relieve or eliminate the Emergency Dental Condition, within the capability of the facility.

Enrollee: an Eligible Pediatric Individual ("Pediatric Enrollee") enrolled to receive Benefits under this dental plan.

Optional: any alternative procedure presented by the Contract Dentist that satisfies the same dental need as a covered procedure but is chosen by the Enrollee and is subject to the limitations and exclusions described in the Schedules attached to this Addendum.

Out-of-Network: treatment by a Dentist who has not signed an agreement with Delta Dental to provide Benefits to Enrollees under the terms of this Addendum.

Procedure Code: the Current Dental Terminology® ("CDT") number assigned to a Single Procedure by the American Dental Association.

Single Procedure: a dental procedure that is assigned a separate Procedure Code.

Special Health Care Need: a physical or mental impairment, limitation or condition that substantially interferes with an Enrollee's ability to obtain Benefits. Examples of such a Special Health Care Need are: 1) the Enrollee's inability to obtain access to their assigned Contract Dentist facility because of a physical disability, and 2) the Enrollee's inability to comply with their Contract Dentist's instructions during examination or treatment because of physical disability or mental incapacity.

Specialist Services: services performed by a Contract Dentist who specializes in the practice of oral surgery, endodontics, periodontics, orthodontics (if medically necessary) or pediatric dentistry. Specialist Services must be authorized by Delta Dental.

Treatment in Progress: any Single Procedure, as defined by the CDT Code that has been started while the Enrollee was eligible to receive Benefits and for which multiple appointments are necessary to complete the Single Procedure(s), whether or not the Enrollee continues to be eligible for Benefits under this Plan. Examples include: 1) teeth that have been prepared for crowns, 2) root canals where a working length has been established, 3) full or partial dentures for which an impression has been taken and 4) orthodontics when bands have been placed and tooth movement has begun.

Urgent Dental Services: medically necessary services for a condition that requires prompt dental attention but is not an Emergency Dental Condition.

Renewal and Termination of Coverage

Please refer to your WHA EOC for further information regarding renewal and termination of this Plan.

OVERVIEW OF DENTAL BENEFITS

This section provides information that will give you a better understanding of how this dental plan works and how to make it work best for you.

What is the DeltaCare USA Plan?

The DeltaCare USA Plan provides Pediatric Benefits through a convenient network of Contract Dentists in the state of California. These Contract Dentists are screened to ensure that our standards of quality, access and safety are maintained. The DeltaCare USA network is composed of established dental professionals. When you visit your assigned Contract Dentist, you pay only the applicable Cost Share for Benefits. There are no deductibles, lifetime maximums or claim forms.

Benefits, Limitations and Exclusions

The DeltaCare USA Plan provides the Benefits described in the Schedules that are a part of this Dental EOC. Benefits are only available in the state of California. Services are performed as deemed appropriate by your assigned Contract Dentist.

Cost Share and Other Charges

You are required to pay any Cost Share listed in the Schedules attached to this Dental EOC. Your Cost Share is paid directly to the Contract Dentist who provides treatment.

In the event that we fail to pay a Contract Dentist, you will not be liable to that Contract Dentist for any sums owed by us. By statute, the DeltaCare USA dentist contract contains a provision prohibiting a Contract Dentist from charging an Enrollee for any sums owed by Delta Dental. Except for the provisions in the "Emergency Dental Services" of this Dental EOC, if you have not received prior Authorization for treatment from an Out-of-Network Dentist and we fail to pay that Out-of-Network Dentist, you may be liable to that Out-of-Network Dentist for the cost of services received. For further clarification, see the "Emergency Dental Services" and "Specialist Services" sections in this Dental EOC.

HOW TO USE THE DELTACARE USA PLAN / CHOICE OF CONTRACT DENTIST

PLEASE READ THE FOLLOWING INFORMATION SO THAT YOU WILL KNOW HOW TO OBTAIN DENTAL SERVICES. YOU MUST OBTAIN DENTAL BENEFITS FROM (OR BE REFERRED FOR SPECIALIST SERVICES BY) YOUR ASSIGNED CONTRACT DENTIST.

Delta Dental will provide Enrollees with Contract Dentists at convenient locations during the term of this Dental EOC. Upon enrollment, Delta Dental will assign Enrollees covered under this Dental EOC to one Contract Dentist facility. The Enrollee may request changes to the assigned Contract Dentist facility by contacting our Customer Care at **888-282-8528**. A list of Contract Dentists is available to all Enrollees at deltadentalins.com. The change must be requested prior to the 15th of the month to become effective on the first day of the following month.

The Enrollee will be provided with written notice of assignment to another Contract Dentist facility near the Enrollee's home if: 1) a requested facility is closed to further enrollment; 2) a chosen Contract Dentist facility withdraws from this dental plan; or 3) an assigned facility requests, for good cause, that the Enrollee be reassigned to another facility.

All Treatment in Progress must be completed before you change to another Contract Dentist facility. For example, this would include: 1) partial or full dentures for which final impressions have been taken; 2) completion of root canals in progress; or 3) delivery of crowns when teeth have been prepared.

All services which are Benefits must be performed at the Enrollee's assigned Contract Dentist facility. With the exception of Emergency Dental Services and authorized Specialist Services, this dental plan does not pay for

services received by Out-of-Network Dentists. All authorized Specialist Services claims will be paid by Delta Dental, less any applicable Cost Share. Any other treatment is not covered under this Plan.

A Contract Dentist may provide services either personally or through associated Dentists or technicians or hygienists who may lawfully perform the services. If an Enrollee is assigned to a dental school clinic for Specialist Services, those services may be provided by a Dentist, a dental student, a clinician or a dental instructor.

If your assigned Contract Dentist facility terminates participation in this dental plan, that Contract Dentist facility will complete all Treatment in Progress, as described above. If, for any reason, your Contract Dentist is unable to complete treatment, Delta Dental shall make reasonable and appropriate provisions for the completion of such treatment by another Contract Dentist.

Delta Dental will give you reasonable advance written notice if you will be materially or adversely affected by the termination, breach of contract or inability of a Contract Dentist to perform services.

Continuity of Care

If you are a current Enrollee, you may have the right to obtain completion of care under this Dental EOC with your terminated Contract Dentist for certain specified dental conditions. If you are a new Enrollee, you may have the right to completion of care under this Dental EOC with your Out-of-Network Dentist for certain specified dental conditions. You must make a specific request for this completion of care Benefit. To make a request, contact our Customer Care at 888-282-8528. You may also contact us to request a copy of Delta Dental's Continuity of Care Policy. Delta Dental is not required to continue care with the Dentist if you are not eligible under this dental plan or if Delta Dental cannot reach agreement with the Out-of-Network Dentist or the terminated Contract Dentist on the terms regarding Enrollee care in accordance with California law.

Emergency Dental Services

Emergency Dental Services are used for palliative relief, controlling of dental pain, and/or stabilizing the Enrollee's condition. The Enrollee's assigned Contract Dentist facility maintains a 24 hour emergency dental services system, 7 days a week. If the Enrollee is experiencing an Emergency Dental Condition, the Enrollee can call 911 (where available) or obtain Emergency Dental Services from any dental provider without a referral.

After Emergency Dental Services are provided, further non-emergency treatment is usually needed. Non-emergency treatment must be obtained at the Enrollee's assigned Contract Dentist facility.

The Enrollee is responsible for any Cost Share for Emergency Dental Services received. Non-covered procedures will be the Enrollee's financial responsibility and will not be paid by this dental plan.

Urgent Dental Services

Inside the Delta Dental Service Area

An Urgent Dental Service requires prompt dental attention but is not an Emergency Dental Condition. If an Enrollee thinks that they may need Urgent Dental Services, the Enrollee can call their Contract Dentist.

Outside the Delta Dental Service Area

If an Enrollee needs Urgent Dental Services due to an unforeseen dental condition or injury, this dental plan covers medically necessary dental services when prompt attention is required from an Out-of-Network Dentist if all of the following are true:

- The Enrollee receives Urgent Dental Services from an Out-of-Network Dentist while temporarily outside of the Delta Dental Service Area.
- A reasonable person would have believed that the Enrollee's health would seriously deteriorate if they
 delayed treatment until they returned to the Delta Dental Service Area.

Enrollees do not need prior Authorization from Delta Dental to receive Urgent Dental Services outside the Delta Dental Service Area. Any Urgent Dental Services an Enrollee receives from Out-of-Network Dentists outside the Delta Dental Service Area are covered by this dental plan if the Benefits would have been covered if the Enrollee had received them from Contract Dentists.

This dental plan does not cover follow-up care from Out-of-Network Dentists after the Enrollee no longer needs Urgent Dental Services. To obtain follow-up care from a Contract Dentist, the Enrollee can call their assigned Contract Dentist.

The Enrollee is responsible for any Cost Share for Urgent Dental Services received.

Timely Access to Care

Contract Dentists, Contract Orthodontists and Contract Specialists have agreed waiting times to Enrollees for appointments for care which will never be greater than the following timeframes:

- for emergency care, 24 hours a day, 7 day days a week;
- for any urgent care, 72 hours for appointments consistent with the Enrollee's individual needs;
- for any non-urgent care, 36 business days; and
- for any preventive services, 40 business days.

During non-business hours, the Enrollee will have access to their Contract Dentist's answering machine, answering service, cell phone or pager for guidance on what to do and whom to contact if the Enrollee is calling due to an Emergency Dental Condition.

If the Enrollee calls Delta Dental's Customer Care, a representative will answer the phone within 10 minutes during normal business hours.

Should the Enrollee need interpretation services when scheduling an appointment with any of our Contract Dentists, Contract Orthodontists or Contract Specialists' facilities, the Enrollee may call our Customer Care at **888-282-8528** for assistance.

Specialist Services

Specialist Services for oral surgery, endodontics, periodontics or pediatric dentistry must be: 1) referred by your assigned Contract Dentist, and 2) authorized by Delta Dental. You pay the specified Cost Share. (Refer to the Schedules attached to this Dental EOC.)

If you require Specialist Services and a Contract Specialist is not within 35 miles of your home address, your assigned Contract Dentist must obtain prior Authorization from Delta Dental to refer you to an Out-of-Network specialist to provide the Specialist Services. Specialist Services performed by an Out-of-Network specialist that are not authorized by Delta Dental will not be covered by this dental plan.

If the services of a Contract Orthodontist are needed, please refer to the Schedules attached to this Dental EOC to determine Benefits available to you under this dental plan.

Claims for Reimbursement

Claims for covered Emergency Dental Services and authorized Specialist Services should be sent to Delta Dental within 90 days of the end of treatment. Valid claims received after the 90-day period will be reviewed if you can show that it was not reasonably possible to submit the claim within that time. All dental claims must be received within (1) year of the treatment date. The address for claims submission is: Delta Dental, Claims Department, P.O. Box 1810, Alpharetta, GA 30023.

Dentist Compensation

A Contract Dentist is compensated by Delta Dental through monthly capitation (an amount based on the number of Enrollees assigned to the Contract Dentist) and by Enrollees through required Cost Share amounts for treatment received. A Contract Specialist is compensated by Delta Dental through an agreed-upon amount for each covered procedure, less the applicable Cost Share paid by the Enrollee. In no event does Delta Dental pay a Contract Dentist or a Contract Specialist any incentive as an inducement to deny, reduce, limit or delay any appropriate treatment.

You may obtain further information concerning Dentist compensation by calling Delta Dental at the toll-free telephone number shown in this Dental EOC.

Processing Policies

The dental care guidelines for this DeltaCare USA Plan explain to Contract Dentists what services are covered under the dental Contract. Contract Dentists will use their professional judgment to determine which services are appropriate for the Enrollee. Services performed by the Contract Dentist that fall under the scope of Benefits of this dental plan are provided subject to any Cost Share. If a Contract Dentist believes that an Enrollee should seek treatment from a specialist, the Contract Dentist contacts Delta Dental for a determination of whether the proposed treatment is a covered Benefit. Delta Dental will also determine whether the proposed treatment requires treatment by a Contract Specialist. An Enrollee may contact Delta Dental's Customer Care at 800-471-9925 for information regarding the dental care guidelines for this dental plan.

Second Opinion

You may request a second opinion if you disagree with or question the diagnosis and/or treatment plan determination made by your Contract Dentist. You may also be requested to obtain a second opinion to verify the necessity and appropriateness of dental treatment or the application of Benefits.

Second opinions will be rendered by a licensed Dentist in a timely manner appropriate to the nature of the Enrollee's condition. Requests involving an Emergency Dental Condition will be expedited (Authorization approved or denied within 72 hours of receipt of the request, whenever possible). For assistance or additional information regarding the procedures and timeframes for second opinion Authorizations, contact Delta Dental's Customer Care at **888-282-8528** or write to Delta Dental.

Second opinions will be provided at another Contract Dentist facility, unless otherwise authorized by Delta Dental. Delta Dental will authorize a second opinion by an Out-of-Network Dentist if an appropriately qualified Contract Dentist is not available. Delta Dental will only pay for a second opinion which Delta Dental has approved or authorized. You will be sent written notification if your request for a second opinion is not authorized. If you disagree with this determination, you may file a grievance with us or with the Department. Refer to the "Enrollee Complaint Procedure" section in this Dental EOC for more information.

Special Health Care Needs

If you believe you have a Special Health Care Need, you should contact Delta Dental's Customer Care at **888-282-8528**. Delta Dental will confirm whether such a Special Health Care Need exists and what arrangements can be made to assist you in obtaining Benefits.

Delta Dental will not be responsible for the failure of any Contract Dentist to comply with any law or regulation concerning structural office requirements that apply to a Contract Dentist treating Enrollees with Special Health Care Needs.

Facility Accessibility

Many facilities provide Delta Dental with information about special features of their offices, including accessibility information for patients with mobility impairments. To obtain information regarding facility accessibility, contact Delta Dental's Customer Care at **888-282-8528**.

Enrollee Complaint Procedure

Complaints regarding dental services:

Delta Dental or the Administrator shall provide notification if any dental services or claims are denied, in whole or in part, stating the specific reason or reasons for the denial. If you have a complaint regarding the denial of dental services or claims, the policies, procedures or operations of Delta Dental or the Administrator or the quality of dental services performed by a Contract Dentist, you may call Delta Dental's Customer Care at **888-282-8528** or the complaint may be addressed in writing to:

Delta Dental of California Quality Management Department P.O. Box 6050 Artesia, CA 90702

Written communication must include: 1) the Enrollee's name, address, telephone number and ID number and 2) the Dentist's name and facility location.

"Grievance" means a written or oral expression of dissatisfaction regarding Delta Dental and/or your dental provider, including quality of care concerns, and shall include a complaint, dispute, request for reconsideration or appeal made by Enrollee or the Enrollee's representative. Where Delta Dental is unable to distinguish between a grievance and an inquiry, it shall be considered a grievance.

"Complaint" is the same as "grievance."

"Complainant" is the same as "grievant" and means the person who filed the grievance including the Enrollee, a representative designated by the Enrollee, or other individual with authority to act on behalf of the Enrollee.

Within five calendar days of the receipt of any complaint, a quality management coordinator will forward to you a written acknowledgment of the complaint which will include the date of receipt and contact information. Certain complaints may require that you be referred to a Dentist for clinical evaluation of the dental services provided. We will forward to you a determination, in writing, within 30 calendar days of receipt of a complaint. If the complaint involves an Emergency Dental Condition, Delta Dental will provide the Enrollee written notification regarding the disposition or pending status of the grievance within three days.

If you have completed Delta Dental's grievance process, or you have been involved in Delta Dental's grievance procedure for more than 30 days, you may file a complaint with the Department. You may file a complaint with the Department immediately if you are experiencing an Emergency Dental Condition.

The Department is responsible for regulating health care service plans. If you have a grievance against Delta Dental, you should first telephone Delta Dental at **888-282-8528** and use our grievance process above before contacting the Department. Utilizing this grievance procedure does not prohibit any potential legal rights or remedies that may be available to you. If you need help with a grievance involving an Emergency Dental Condition, a grievance that has not been satisfactorily resolved by us, or a grievance that has remained unresolved for more than 30 days, you may call the Department for assistance.

If the group health plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), you may contact the U.S. Department of Labor, Employee Benefits Security Administration ("EBSA") for further review of

the claim or if you have questions about the rights under ERISA. You may also bring a civil action under section 502(a) of ERISA. The address of the U.S. Department of Labor is:

U.S. Department of Labor Employee Benefits Security Administration 200 Constitution Avenue, N.W. Washington, D.C. 20210

Complaints involving an adverse determination on dental services:

For complaints involving an adverse benefit determination (e.g. a denial, modification or termination of a requested benefit or claim), the Enrollee must file a request for review (a complaint) with Delta Dental within 180 calendar days after receipt of the adverse determination. Our review will take into account all information, regardless of whether such information was submitted or considered initially. The review shall be conducted by a person who is neither the individual who made the original benefit determination, nor the subordinate of such individual. Upon request and free of charge, we will provide the Enrollee with copies of any pertinent documents that are relevant to the benefit determination, a copy of any internal rule, guideline, protocol, and/or explanation of the scientific or clinical judgment if relied upon in making the benefit determination.

If the review of a denial is based, in whole or in part, on a lack of medical necessity, experimental treatment, or a clinical judgment in applying the terms of this Plan, Delta Dental will consult with a Dentist who has appropriate training and experience. If any consulting Dentist is involved in the review, the identity of such consulting Dentist will be available upon request.

Within five calendar days of the receipt of any complaint, the quality management coordinator will forward to you a written acknowledgment of receipt of the complaint which will include the date of receipt and contact information. Certain complaints may require that you be referred to a Dentist for clinical evaluation of the dental services provided. Delta Dental will forward to you a determination, in writing, within 30 calendar days of receipt of your complaint.

Independent Medical Review ("IMR")

An enrollee of a health care service plan in California has the right to request an IMR from the Department after completing their health/dental plan's grievance process. The IMR, by nature, is specific to medical plans; however, an IMR is applicable to dental plans only when it is a packaged offering with a medical plan issuer. To determine eligibility, you may contact the Department **1-888-466-2219** or **1-877-688-9891** (TDD) for assistance or visit their website at www.dmhc.ca.gov.

GENERAL PROVISIONS

Third Party Administrator ("TPA")

Delta Dental may use the services of a TPA, duly registered under applicable state law, to provide services under this Dental EOC. Any TPA providing such services or receiving such information shall enter into a separate business associate agreement with Delta Dental providing that the TPA shall meet HIPAA and HITECH requirements for the preservation of protected health information of Enrollees.

Organ and Tissue Donation

Donating organ and tissue provides many societal benefits. Organ and tissue donation allows recipients of transplants to go on to lead fuller and more meaningful lives. Currently, the need for organ transplants far exceeds availability. If you are interested in organ donation, please speak to your physician. Organ donation begins at the hospital when a person is pronounced brain dead and identified as a potential organ donor. An organ procurement organization will become involved to coordinate the activities.

Non-Discrimination

Delta Dental complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. Delta Dental does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

Delta Dental:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact Delta Dental's Customer Care at 888-282-8528.

If you believe that Delta Dental has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability or sex, you can file a grievance electronically online, over the phone with a Customer Care representative or by mail.

Endnotes:

Base metal is the Benefit. If noble or high noble metal (precious) is used for a crown, bridge, indirectly fabricated post and core, inlay or onlay, the Enrollee will be charged the additional laboratory cost of the noble or high noble metal. If covered, an additional laboratory charge also applies to a titanium crown.

If services for a listed procedure are performed by the assigned Contract Dentist, the Enrollee pays the specified Cost Share. Listed procedures which require a Dentist to provide Specialist Services, and are referred by the assigned Contract Dentist, must be authorized by Delta Dental. The Enrollee pays the Cost Share specified for such services.

Optional or upgraded procedure(s) are defined as any alternative procedure(s) presented by the Contract Dentist and formally agreed upon by financial consent that satisfies the same dental need as a covered procedure. Enrollee may elect an Optional or upgraded procedure, subject to the limitations and exclusions of this Plan. The applicable charge to the Enrollee is the difference between the Contract Dentist's regularly charged fee (or contracted fee, when applicable) for the Optional or upgraded procedure and the covered procedure, plus any applicable Cost Share for the covered procedure.

Additional Endnotes to Covered California's 2020 Dental Standard Benefit Plan Designs

Pediatric Dental EHB Notes (only applicable to the pediatric portion of the Children's Dental Plan or Family Dental Plan)

Administration of these plan designs must comply with requirements of the pediatric dental EHB benchmark plan, including coverage of services in circumstances of medical necessity as defined in the Early Periodic Screening, Diagnosis and Treatment ("EPSDT") Benefit.

Limitations and Exclusions of Benefits for Pediatric Enrollees (Under age 19)

Limitations of Benefits for Pediatric Enrollees

- 1. The frequency of certain Benefits is limited. All frequency limitations are listed in *Schedule A*, *Description of Benefits and Cost Shares for Pediatric Benefits* ("Schedule A"). Additional requests, beyond the stated frequency limitations, for prophylaxis, fluoride and scaling procedures shall be considered for prior Authorization when documented medical necessity is justified due to a physical limitation and/or an oral condition that prevents daily oral hygiene.
- 2. A filling is a Benefit for the removal of decay, for minor repairs of tooth structure or to replace a lost filling.
- 3. A crown is a Benefit when there is insufficient tooth structure to support a filling or to replace an existing crown that is non-functional or non-restorable and meets the five+ year (60+ months) limitation.
- 4. The replacement of an existing crown, fixed partial denture (bridge) or a removable full or partial denture is covered when:
 - a. The existing restoration/bridge/denture is no longer functional and cannot be made functional by repair or adjustment, and
 - b. Either of the following:
 - The existing non-functional restoration/bridge/denture was placed five or more years (60+ months) prior to its replacement, or
 - If an existing partial denture is less than five years old (60 months), but must be replaced by a new partial denture due to the loss of a natural tooth, which cannot be replaced by adding another tooth to the existing partial denture.
- 5. Coverage for the placement of a fixed partial denture (bridge) or removable partial denture:
 - a. Fixed partial denture (bridge):
 - A fixed partial denture is a Benefit only when medical conditions or employment preclude the use of a removable partial denture.
 - The sole tooth to be replaced in the arch is an anterior tooth, and the abutment teeth are not periodontally involved, or
 - The new bridge would replace an existing, non-functional bridge utilizing identical abutments and pontics, or
 - Each abutment tooth to be crowned meets Limitation #3.
 - b. Removable partial denture:
 - Cast metal, one or more teeth are missing in an arch.
 - Resin based, one or more teeth are missing in an arch and abutment teeth have extensive periodontal disease.
- 6. Excision of the frenum is a Benefit only when it results in limited mobility of the tongue, it causes a large diastema between teeth or it interferes with a prosthetic appliance.
- 7. A new removable partial or complete or covered immediate denture includes after delivery adjustments and tissue conditioning at no additional cost for the first six months after placement if the Enrollee continues to be eligible and the service is provided at the Contract Dentist's facility where the denture was originally delivered.
- 8. Immediate dentures are covered when one or more of the following conditions are present:
 - a. Extensive or rampant caries are exhibited in the radiographs, or
 - b. Severe periodontal involvement indicated, or
 - c. Numerous teeth are missing resulting in diminished chewing ability adversely affecting the Enrollee's health.

- Maxillofacial prosthetic services for the anatomic and functional reconstruction of those regions
 of the maxilla and mandible and associated structures that are missing or defective because of
 surgical intervention, trauma (other than simple or compound fractures), pathology,
 developmental or congenital malformations.
- 10. All maxillofacial prosthetic procedures require prior authorization for medically necessary procedures.
- 11. Implant services are a Benefit only under exceptional medical conditions. Exceptional medical conditions include, but are not limited to:
 - a. Cancer of the oral cavity requiring ablative surgery and/or radiation leading to destruction of alveolar bone, where the remaining osseous structures are unable to support conventional dental prosthesis.
 - b. Severe atrophy of the mandible and/or maxilla that cannot be corrected with vestibular extension procedures or osseous augmentation procedures, and the Enrollee is unable to function with conventional prosthesis.
 - c. Skeletal deformities that preclude the use of conventional prosthesis (such as arthrogryposis, ectodermal dysplasia, partial anaodontia and cleidocranial dysplasia).
- 12. Temporomandibular joint ("TMJ") dysfunction procedure codes are limited to differential diagnosis and symptomatic care and require prior Authorization.
- 13. Certain listed procedures performed by a Contract Specialist may be considered to be primary under the Enrollee's medical coverage. Dental Benefits will be coordinated accordingly.
- 14. Deep sedation/general anesthesia or intravenous conscious sedation/analgesia for covered procedures requires documentation to justify the medical necessity based on a mental or physical limitation or contraindication to a local anesthesia agent.

Exclusions of Benefits for Pediatric Enrollees

- 1. Any procedure that is not specifically listed under *Schedule A*, *Description of Benefits and Cost Shares for Pediatric Benefits* ("Schedule A").
- 2. All related fees for admission, use, or stays in a hospital, out-patient surgery center, extended care facility, or other similar care facility.
- 3. Lost or theft of full or partial dentures, space maintainers, crowns, fixed partial dentures (bridges) or other appliances.
- 4. Dental expenses incurred in connection with any dental procedures started after termination of eligibility for coverage.
- 5. Dental expenses incurred in connection with any dental procedure before the Enrollee's eligibility in this Plan. Examples include: teeth prepared for crowns, partials and dentures, root canals in progress.
- 6. Congenital malformations (e.g. congenitally missing teeth, supernumerary teeth, enamel and dentinal dysplasias, etc.) unless included in *Schedule A*.
- 7. Dispensing of drugs not normally supplied in a dental facility unless included in Schedule A.
- 8. Any procedure that in the professional opinion of the Contract Dentist, Contract Specialist, or dental plan consultant:
 - a. has poor prognosis for a successful result and reasonable longevity based on the condition of the tooth or teeth and/or surrounding structures, or
 - b. is inconsistent with generally accepted standards for dentistry.
- 9. Dental services received from any dental facility other than the assigned Contract Dentist including the services of a dental specialist, unless expressly authorized or as cited under the "Emergency Dental Services" and "Urgent Dental Services" sections of the EOC. To obtain written Authorization, the Enrollee should call Delta Dental's Customer Care at 888-282-8528.
- 10. Consultations or other diagnostic services for non-covered Benefits.
- 11. Single tooth implants.

- 12. Restorations placed solely due to cosmetics, abrasions, attrition, erosion, restoring or altering vertical dimension, congenital or developmental malformation of teeth.
- 13. Preventive, endodontic or restorative procedures are not a Benefit for teeth to be retained for overdentures.
- 14. Partial dentures are not a Benefit to replace missing 3rd molars, unless the 3rd molar occupies the 1st or 2nd molar position or is an abutment for a partial denture with cast clasps or rests.
- 15. Appliances or restorations necessary to increase vertical dimension, replace or stabilize tooth structure loss by attrition, realignment of teeth, periodontal splinting, gnathologic recordings, equilibration or treatment of disturbances of the TMJ, unless included in *Schedule A*.
- 16. An initial treatment plan which involves the removal and reestablishment of the occlusal contacts of 10 or more teeth with crowns, onlays, fixed partial dentures (bridges), or any combination of these, is considered to be full mouth reconstruction under this Plan. Crowns, onlays and fixed partial dentures associated with such a treatment plan are not covered Benefits. This exclusion does not eliminate the Benefit for other covered services.
- 17. Porcelain denture teeth, precision abutments for removable partials or fixed partial dentures (overlays, implants, and appliances associated therewith) and personalization and characterization of complete and partial dentures.
- 18. Extraction of teeth, when teeth are asymptomatic/non-pathologic (no signs or symptoms of pathology or infection), including but not limited to the removal of third molars.
- 19. TMJ dysfunction treatment modalities that involve prosthodontia, orthodontia, and full or partial occlusal rehabilitation or TMJ dysfunction procedures solely for the treatment of bruxism.
- 20. Vestibuloplasty / ridge extension procedures performed on the same date of service as extractions on the same arch.
- 21. Deep sedation/general anesthesia for covered procedures on the same date of service as analgesia, anxiolysis, inhalation of nitrous oxide or for intravenous conscious sedation/analgesia.
- 22. Intravenous conscious sedation/analgesia for covered procedures on the same date of service as analgesia, anxiolysis, inhalation of nitrous oxide or for deep sedation/general anesthesia.
- 23. Inhalation of nitrous oxide when administered with other covered sedation procedures.
- 24. Cosmetic dental care.
- 25. Orthodontic treatment must be provided by a licensed dentist. Self-administered orthodontics are not covered.
- 26. The removal of fixed orthodontic appliances for reasons other than completion of treatment is not a covered benefit.

Medically Necessary Orthodontic for Pediatric Enrollees

- Coverage for comprehensive orthodontic treatment requires acceptable documentation of a handicapping malocclusion as evidence by a minimum score of 26 points on the Handicapping Labio-Lingual Deviation (HLD) Index California Modification Score Sheet Form and pretreatment diagnostic casts. Comprehensive orthodontic treatment:
 - a. is limited to Enrollees who are between 13 through 18 years of age with a permanent dentition without a cleft palate or craniofacial anomaly; but
 - b. may start at birth for patients with a cleft palate or craniofacial anomaly.
- 2. Removable appliance therapy or fixed appliance therapy is limited to Enrollee between 6 to 12 years of age, once in a lifetime, to treat thumb sucking and/or tongue thrust.
- 3. The Benefit for a pre-orthodontic treatment examination includes needed oral/facial photographic images. Neither the Enrollee nor the plan may be charged for D0350 or D0351 in conjunction with a pre-orthodontic treatment examination.
- 4. The number of covered periodic orthodontic treatment visits and length of covered active orthodontics is limited to a maximum of up to:

- a. Handicapping malocclusion Eight (8) quarterly visits;
- b. Cleft palate or craniofacial anomaly Six (6) quarterly visits for treatment of primary dentition;
- c. Cleft palate or craniofacial anomaly Eight (8) quarterly visits for treatment of mixed dentition; or
- d. Cleft palate or craniofacial anomaly Ten (10) quarterly visits for treatment of permanent dentition.
- e. Facial growth management Four (4) quarterly visits for treatment of primary dentition;
- f. Facial growth management Five (5) quarterly visits for treatment of mixed dentition;
- g. Facial growth management Eight (8) quarterly visits for treatment permanent dentition.
- 5. Orthodontic retention is a separate Benefit after the completion of covered comprehensive orthodontic treatment which:
 - a. includes removal of appliances and the construction and place of retainer(s); and
 - is limited to Enrollees under age 19 and to one per arch after the completion of each phase of active treatment for retention of permanent dentition unless treatment was for a cleft palate or a craniofacial anomaly.

An adjustment of an orthodontic retainer is included in the fee for the retainer for the first six months after delivery.

- 6. Cost Share is payable to the Contract Orthodontist who initiates banding in a course of prior authorized orthodontic treatment. If, after banding has been initiated, the Enrollee changes to another Contract Orthodontist to continue orthodontic treatment, the Enrollee:
 - a. will not be entitled to a refund of any amounts previously paid, and
 - b. will be responsible for all payments, up to and including the full Cost Share, that are required by the new Contract Orthodontist for completion of the orthodontic treatment.
- 7. Should an Enrollee's coverage be canceled or terminated for any reason, and at the time of cancellation or termination be receiving any orthodontic treatment, the Enrollee will be solely responsible for payment for treatment provided after cancellation or termination, except:

If an Enrollee is receiving ongoing orthodontic treatment at the time of termination, Delta Dental will continue to provide orthodontic Benefits for:

- a. For 60 days if the Enrollee is making monthly payments to the Contract Orthodontist; or
- b. Until the later of 60 days after the date coverage terminates or the end of the quarter in progress, if the Enrollee is making quarterly payments to the Contract Orthodontist.

At the end of 60 days (or at the end of the Quarter), the Enrollee's obligation shall be based on the Contract Orthodontist's usual fee at the beginning of treatment. The Contract Orthodontist will prorate the amount over the number of months to completion of the treatment. The Enrollee will make payments based on an arrangement with the Contract Orthodontist.

SCHEDULE C - Information Concerning Benefits Under The DeltaCare USA Plan

THIS MATRIX IS INTENDED TO BE USED TO COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THIS AMENDMENT SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF PROGRAM BENEFITS AND LIMITATIONS.

(A) Deductibles	None
