

Get ready to enroll with WHA.
WE CHECK ALL OF THE BOXES.

When it comes to choosing a health plan, you will likely consider three things.

...First, your network of doctors and hospitals.

That's where you will access care when you need it. We have more than 3,200 doctors and specialists to choose from and 15 hospitals you know and trust.

...Second, know your essential plan benefits.

This is your preventive care plus a wide range of benefits included in WHA plans, such as hospitalization, mental health services, and prescription drug coverage.

...And finally, value-added benefits you will appreciate.

Our plans include services to help you manage long-term health conditions, and innovative wellness programs that address nutrition, physical fitness and more, to help you (and your family) reduce health risks and maintain a healthy lifestyle.

Find a Doctor and Access Care

Upon enrollment, members must select a **primary care provider (PCP)** close to home or work to allow reasonable access to care. A member's PCP is responsible for coordinating medical care. PCPs can treat most health care needs, but should your provider determine that specialty care is needed, you will be referred to an appropriate clinical provider. WHA also gives you flexibility for access to specialists outside of your PCP's medical group with WHA's **Advantage Referral** program.

Search a full listing of primary care physicians, specialists, hospitals, pharmacies, and urgent care centers in your area. WHA's directory at mywha.org/directory lets you narrow down and specify what's important to you.

- Choose the type of clinical provider such as primary care or specialist, as well as hospitals so you can find care that's nearby to home, work or school.
- Use search filters when you have specific needs and preferences such as gender, language spoken, race/ethnicity.
- Some PCPs are in private, independent offices, while others are in a facility with various departments and specialties, labs and other services, all under one roof.
- Referrals are often a good way to find the right doctor for you and your family. Consider asking friends/colleagues for recommendations.
- Finally, capture your search results, download, and print out your selections.

If you want help finding a doctor, call WHA's **Member Services team at 916.563.2250 or 888.563.2250 toll-free.**

Continuity of Care

Receiving treatment from a non-network physician?

Out-of-network services are not covered unless prior authorized, except in an urgent or emergency situation. However, if you are a new member currently undergoing acute treatment with a non-participating provider, you may qualify for Continuity of Care (CoC). Contact WHA Member Services or access the CoC Form online at mywha.org/cocform to learn more.

Virtual Care Made Simple

There's a simplicity in accessing care with telehealth alternatives to traditional in-person office visits. When a network provider offers telehealth services, you will have the same copayment that you would have for an office visit. **WHA also provides additional virtual care options for enhanced convenience:**

- **NurseLine**, a 24/7 confidential advice line staffed with registered nurses available to answer your health questions and help with treatment options.
- **Teladoc**® for 24/7 urgent care virtual visits lets you connect with a health care professional by secure video chat or phone to get a diagnosis on minor injuries and illnesses such as colds or flu, minor cuts or burns, muscle strains or sprains, upset stomach or skin rashes, often within 15-30 minutes, without having to go to an urgent care facility.

If an urgent care situation arises while you are in WHA's service area, start by calling your PCP—any time of the day, including evenings and weekends. Your doctor or an on-call doctor may provide you with home care remedies, offer a virtual visit or direct you to seek care at the emergency room or your medical group's contracted urgent care center, if necessary.

Global Emergency Assistance

Anytime you travel 100 miles or more away from home, even in a foreign country, you benefit from support services from Assist America. Their experienced crisis management professionals work from a state-of-the-art operations center, 24 hours a day, 7 days a week, offering worldwide response capabilities to provide you with a range of services, from pre-trip health information and prescription assistance to lost luggage or care of minor children, in the event you have an emergency while traveling.

WHA covers you for urgent care and emergency care services wherever you are in the world. Emergency room visits are not covered for non-emergency situations. When receiving urgent care telehealth services through Teladoc, all services shall be provided consistent with existing appointment standards and access requirements. If your plan has out-of-area benefits, members can access services either via telehealth or on an in-person basis. Certain conditions apply. Review your plan documents available at mywha.org/myplan for details on cost-sharing and balance billing protections.

HEALTH COVERAGE THAT YOU CAN COUNT ON

Your employer has selected a quality health plan(s) with comprehensive benefits.

This section provides an overview of essential benefits and services included in our health plans, such as prescription drugs, behavioral health, and alternative medicine. Review your group's plan documents for details on covered services and applicable costs, including any deductibles and your plan's annual out-of-pocket maximum.

There's much more to a WHA health plan than being there for you when you are sick or injured.

WHA helps you stay healthy, even providing the opportunity to get a reward, just by completing a preventive screening or recommended immunizations. Preventive care at no added cost is part of every WHA health plan. You'll get preventive health coverage, along with ongoing reminders and tips to help you maintain optimal health.

See additional benefit information at mywha.org/preventive.

- Annual physical examinations and well baby care
- Immunizations, adult and pediatric
- Women's preventive services
- Routine prenatal care and lab tests, and first post-natal visit
- Breast, cervical, prostate, colorectal and other generally accepted cancer screenings

Preventive health starts with your PCP

New patient appointments are generally scheduled for a longer time frame than routine appointments. This gives you and your primary care provider the opportunity to discuss your health history, current medical concerns (if any), and other things like transferring prescriptions or referrals for specialty care. Establishing a relationship with your PCP is vital to your ongoing health care needs. Your PCP will coordinate your medical care by direct treatment or obtaining a referral to a participating specialist.

Pharmacy Benefit Management

Options for Getting Prescriptions

You can fill a 30-day supply of most prescription medications at a retail pharmacy. You have a choice one of thousands of network retail pharmacies, including national chains and many local pharmacies. Some locations may have drive-thru options.

Save time and money on prescriptions by using the mail-order option or through Select90 retailers, including CVS and Walgreens. If you take long-term (i.e. maintenance) medication, you can get prescriptions with up to a 90-day supply at a lower copay than if ordered a month at a time. Contact OptumRx anytime at 888.658.0539. Members may also opt to get prescriptions sent directly to their home.

To get started on your specialty medications in a timely manner, you are able to pick up two initial fills at local retail pharmacies. There are some exceptions (drug may be limited by the FDA and/or manufacturer to a specific specialty pharmacy, for example).

If you have a prescription for a specialty medication with **Optum Specialty Pharmacy**, you will be automatically enrolled into OptumRx's clinical management program. All specialty medications are shipped at no cost to your doctor's office or your home, depending on who administers the medication.

For assistance with specialty medications, call 855.427.4682 or visit specialty.optumrx.com. Optum's

TRANSFER EXISTING MEDICATIONS

- **If you were using a retail pharmacy** to pick up your prescriptions, you can use WHA's online provider search to determine if your existing pharmacy is in our network.
- **If you are not currently using OptumRx for your mail order**, you can ask your pharmacy to transfer your prescription directly to OptumRx. If refills remain, OptumRx will proceed with refilling your prescription.
- **If you have refills remaining** and your existing pharmacy is not in our network, simply inform your pharmacy of your new coverage and show them your WHA member ID card.

Note: Most specialty medications require prior authorization. If your prescriptions require it, your doctor will need to submit a prior authorization form to WHA.

patient care coordinators and pharmacists are highly trained to understand your special therapy needs. Access registered pharmacists who review lab results and check for side effects or drug interactions.

Use OptumRx.com and OptumRx App for these convenient digital services:

- Find a network pharmacy, check medication coverage, track home delivery orders, renew or refill your prescriptions and more. Search OptumRx app in the App store or Google Play
- You can enroll any qualifying medications in the automatic refill program. OptumRx will automatically fill and send your medications right to your home. They'll notify you when your medications are ready to ship.
- Never miss a dose with the My Medication Reminders tool. You can set your own customized notification schedules to receive text message reminders from OptumRx.

Mental Health & Substance Use Disorders

Behavioral Health

Optum is WHA's mental/behavioral health partner. Optum's approach to whole-person health care offers both virtual and in-person visits with over thousands of mental health professionals available. There's a wealth of information, self-care tools, and services to support members in getting the care they need.

Optum offers a full spectrum of mental health and substance use disorder services (and facilities), along with tools and resources to support you and your family. Members can access a broad group of qualified mental health professionals and robust technology that supports Optum's network of over 5,500 in-person providers and over 3,000 virtual providers. Search liveandworkwell.com (access code: WHA) to find a behavioral health provider.

Optum's **Live and Work Well** portal provide a resource to patients to screen their symptoms, get triaged to the most suitable care, and search for mental health professionals that's convenient. By consolidating our mental health services from Optum with retail pharmacy services through OptumRx, and existing Optum Disease Management programs, WHA members can benefit from integrated services.

Acupuncture & Chiropractic Care

Alternative Medicine

Your health plan includes acupuncture services and chiropractic care, provided by our partner, Landmark Healthplan of California, Inc. PCP referral is not required to receive covered services.

- **Acupuncture** benefit covers treatment of pain related to acute neuromusculoskeletal conditions such as dysfunction of the neck, back or joints, headaches, carpal tunnel, arthritis, allergies and asthma. Typically covered acupuncture services include: evaluation, manual stimulation, electroacupuncture, moxibustion, acupressure, and cupping.
- **Chiropractic** benefit covers treatment of pain related to acute neuromusculoskeletal conditions such as low back pain, sprains and strains, headaches, neck pain and muscle spasms. Typically covered chiropractic services include: history, conjunctive physiotherapy, examination, x-rays, and manipulation.

Go online to mywha.org/directory to search Landmark Healthcare's provider directory or call **800.298.4875** to locate a participating nearby practitioner. For further details, visit mywha.org/cam to review the combined Summary of Benefits/Evidence of Coverage based on your plan type.

BUILT-IN HEALTH AND WELLNESS SUPPORT

You deserve every opportunity to reach your health and wellness goals. Take advantage of many WHA programs and resources to support you in living a healthy lifestyle.

- **VIRTA HEALTH** is a telehealth program that reverses type 2 diabetes by helping participants lower blood sugar and A1C, reduce or eliminate diabetes medications, and lose weight. We have hundreds of members in the program and already seeing great results. The coaching, services, and supplies, which is a value estimated at \$3,000, are included at no added cost for eligible plan members.
- **LIVONGO® FOR HYPERTENSION** provides advanced tools to help manage high blood pressure, such as a connected blood pressure monitor sent directly to you, real-time advice on your readings, and one-on-one coaching and support. Those who have been diagnosed with hypertension (high blood pressure) may enroll in this program at no added cost with a WHA health plan.
- **NUTRITIONAL COUNSELING** is now offered by WHA, one of the first health plans in our area to offer support for weight management issues. Whether dealing with issues of obesity, eating disorders, or needed weight gain, you simply talk to your doctor to get a referral to a nutritionist for visits. You'll have the same cost-sharing that you would have for a primary care office visit.
- **KAIA HEALTH™** is an innovative digital physical therapy program and app to help with back, neck, and knee pain. This is ideal for those who can't always get to an in-person therapy or travel to appointments, which often get in the way of getting the care you need. Kaia's computer vision technology features real-time automated exercise feedback, function assessment, and gamified warm-ups for virtual therapy that is accessible anytime or anywhere.
- **CHOOSEHEALTHY®** provides savings on wellness products and services to help you discover new ways to live better every day. The program includes product discounts of up to 50% on popular health and fitness brands, such as FitBit, Garmin, SunBasket, Skechers, and more. You also save money on therapeutic massage services through a network of practitioners. There's also no-cost online health classes and other services to support your healthy lifestyle.

Coverage depends on eligibility at the time of service. Refer to plan documents for cost-sharing details.

- **PREVENTIVE CARE RESOURCES**

Preventive health guidelines are designed to help you make more informed decisions about your health. These include health screenings, wellness exams, and other services that are available to you at no additional cost, starting at birth through adulthood. Members also get easy-to-read, up-to-date immunization schedules as recommended by the Centers for Disease Control and Prevention.

- **CHRONIC CONDITION MANAGEMENT**

WHA provides access to disease management programs at no additional cost. The programs offer individuals living with a chronic illness access to helpful resources and a care manager to help them manage and control their condition, such as asthma, coronary artery disease, and diabetes.

- **PERSONAL HEALTH ASSESSMENT**

Healthroads™ is an online health and well-being management tool where members can complete an annual personal health assessment (PHA) and get a health scorecard that connects them with resources and information to help them create an action plan and improve their health/score. It's a terrific proactive tool to further your health journey.

- **FITNESS CENTER PARTNERSHIPS**

WHA gives you reason to get active through our gym and fitness center partnerships. Active&Fit Direct® gives members access to a wide range of fitness centers for a minimal monthly fee. Other area partners include: California Family Fitness; HealthSpring Fitness (Vacaville); Spare Time Clubs; and Synergy Health Club (Petaluma and Napa). Visit our website for a list of locations.

- **COMMUNITYFIT CLASSES**

Join our popular online classes designed to boost confidence in body and mind. Led by a personal trainer, these creative exercises help you develop strength and movement, and generally, stress less and feel your best.

- **WORKSHOPS & SUPPORT GROUPS**

Access instructor-led health education programs sponsored by our network's medical groups. Find classes or support groups in diabetes, lung health, nutrition, orthopedics, parenting, pregnancy and childbirth, smoking cessation. Unless otherwise noted, most classes are free.

- **ONLINE HEALTHY RECIPE LIBRARY**

You can browse hundreds of healthy recipes from reputable non-profit health organizations such as: American Heart Association, American Diabetes Association and American Cancer Society. The benefits of a nutritionally sound lifestyle are countless and include decreased risk for and treatment of infections and disease, improved emotional well-being, healthy weight management and lengthened longevity.
