Visit choosewha.com/directory to search for urgent care centers, labs, pharmacies, and other facilities.

Find a Doctor and Access Care

Upon enrollment, members will select a primary care physician (PCP), or we can assign one to you, close to home or work to allow reasonable access to care. A member's PCP can treat most health care needs, but should you need specialty care, your PCP will refer you to an appropriate clinical provider. WHA gives you flexibility for access to specialists outside of your PCP's medical group with WHA's **Advantage Referral** program.

Search a full listing of clinical providers, hospitals, pharmacies, and urgent care centers in your area using WHA's directory at [choosewha.com/directory](https://www.choosewha.com/directory) to narrow down what's important to you.

- Choose the type of clinical provider such as primary care or specialist, as well as hospitals close to your home or work.
- Use search filters when you have specific needs and preferences such as gender, language spoken, race/ethnicity.
- Some PCPs are in private, independent offices; others in large facilities with labs and specialty services all under one roof.
- Referrals can help in choosing a doctor, so ask friends/coworkers for recommendations.
- You can even choose a different type of PCP for each members of your family. Rest assured, you can always change your PCP by calling Member Services. A change of PCP is effective on the 1st of the month following the request.
- Finally, capture your search results, download, and print out your selections.

If you want help finding a doctor, call WHA's Member Services team at **916.563.2250** or **888.563.2250** toll-free. They can also guide you on how to transfer your medical records and any prescriptions, so you have what you need to schedule your visit with your new PCP.

CONTINUITY OF CARE

Receiving treatment from a non-network physician?

Out-of-network services are not covered unless prior authorized, except in an urgent or emergency situation. However, if you are a new member currently undergoing acute treatment with a non-participating provider, you may qualify for Continuity of Care (CoC). Contact WHA Member Services or access the CoC form online at mywha.org/cocform to learn more.

VIRTUAL CARE MADE SIMPLE

There's a simplicity in accessing care with telehealth alternatives to traditional in-person office visits. When a network provider offers telehealth services, you will have the same copayment that you would have for an office visit. **WHA also provides additional virtual care options for enhanced convenience:**

- **Nurse Advice** is WHA's confidential phone line staffed by registered nurses offering immediate, expert guidance and assistance whenever a health concern arises, day or night.
- **Teladoc**® lets you connect with a health care professional 24/7 by secure video chat or phone call to get a diagnosis on minor injuries and illnesses such as colds or flu, minor cuts or burns, muscle strains and sprains, upset stomach or skin rashes, often within 15-30 minutes, without having to go to an urgent care facility.*

If an urgent care situation arises while you are in WHA's service area, you can always call your PCP, including evenings and weekends. Your doctor or an on-call doctor may provide you with home care remedies, offer a virtual visit, or direct you to seek care at the emergency room or your medical group's contracted urgent care center, if necessary.

GLOBAL EMERGENCY ASSISTANCE

Anytime you travel 100 miles or more away from home, you benefit from support services from Assist America. Their experienced crisis management professionals work from a state-of-the-art operations center, 24 hours a day, 7 days a week, offering worldwide response capabilities to provide you with a range of services, from pre-trip information such as visa requirements or security advisories to replacing prescriptions (that you might have left behind), and even help finding lost luggage or arranging care of minor children in the event you have an emergency when traveling.

*WHA covers you for urgent care and emergency care services wherever you are in the world. Emergency room visits are not covered for non-emergency situations. When receiving urgent care telehealth services through Teladoc, all services shall be provided consistent with existing appointment standards and access requirements. If your plan has out-of-area benefits, members can access services either via telehealth or on an in-person basis. Certain conditions apply. Review your plan documents available at mywha.org/myplan for details on cost-sharing and balance billing protections.

HEALTH COVERAGE THAT YOU CAN COUNT ON

Your employer has selected a quality health plan(s) with comprehensive benefits.

This section provides an overview of essential benefits and services included in our health plans, such as prescription drugs, behavioral health, and alternative medicine. Review your group's plan documents for details on covered services and applicable costs, including any deductibles and your plan's annual out-of-pocket maximum.

There's much more to a WHA health plan than being there for you when you are sick or injured.

WHA helps you stay healthy, even providing the opportunity to get a reward, just by completing a preventive screening or recommended immunizations. Preventive care at no added cost is part of every WHA health plan. You'll get preventive health coverage, along with ongoing reminders and tips to help you maintain optimal health.

See additional benefit information at mywha.org/preventive.

- Annual physical examinations and well baby care
- Immunizations, adult and pediatric
- Women's preventive services
- Routine prenatal care and lab tests, and first post-natal visit
- Breast, cervical, prostate, colorectal, and other generally accepted cancer screenings

Preventive health starts with your PCP.

New patient appointments are generally scheduled for a longer time frame than routine appointments. This gives you and your primary care provider the opportunity to discuss your health history, current medical concerns (if any), and other things like transferring prescriptions or referrals for specialty care. Establishing a relationship with your PCP is vital to your ongoing health care needs. Your PCP will coordinate your medical care by direct treatment or obtaining a referral to a participating specialist.

PHARMACY BENEFIT MANAGEMENT

Western Health Advantage members can refill prescriptions at thousands of retail pharmacies, including CVS, Rite Aid, and Walgreens, many of which offer delivery and drive-thru options.

Save time and money on your maintenance medication by obtaining a 100-day supply through OptumRx's home delivery pharmacy program or a 90-day supply at any participating network retail pharmacy.

Refill your maintenance medication online or by phone and get it delivered straight to your home. There is no charge for standard shipping. To get started, ask your doctor to send an electronic prescription to OptumRx, register at optumrx.com, download the OptumRx app, or call 844.568.4150. For assistance with specialty medications, call 855.427.4682 or visit specialty.optumrx.com. Optum's patient care coordinators and pharmacists are highly trained to understand your special therapy needs.

Use OptumRx app for these convenient digital services:

- Find a network pharmacy, check medication coverage, track home delivery orders, renew or refill your prescriptions and more. Search OptumRx app in the App store or Google Play.
- You can enroll qualifying medications in the automatic refill program. OptumRx will automatically fill and send your medications right to your home. They'll notify you when your medications are ready to ship.
- Never miss a dose with the My Medication Reminders tool. You can set your own customized notification schedules to receive text message reminders from OptumRx.

Transfer Existing Medications

- If you were using a local pharmacy to pick up your prescriptions, you can use WHA's online provider search to determine if your existing pharmacy is in our network.
- To transfer your existing maintenance medication to OptumRx Home Delivery, you can ask your pharmacy to transfer your prescription directly to OptumRx. If refills remain, OptumRx will proceed with refilling your prescription.
- If you have refills remaining and your existing pharmacy is not in our network, you can search WHA's provider directory for a nationwide in-network pharmacy. Transferring your prescription is easy. Call WHA's Member Services for support.

NOTE: Most specialty medications require prior authorization. If your prescriptions require it, your doctor will need to submit a prior authorization form to WHA.

BEHAVIORAL HEALTH

Optum is WHA's mental/behavioral health partner that offers both virtual and in-person visits with access to thousands of mental health professionals. There's a wealth of information, self-care tools, and services to support members.

Optum offers a full spectrum of mental health and substance use disorder services (and facilities), along with tools and resources to support you and your family. Access Optum's network of over 5,500 in-person providers and over 3,000 virtual providers. Start by going to mywha.org/bh or call 800.765.6820 to learn more and search an online provider directory.

Optum's **Live and Work Well** portal provides a resource for patients to screen their symptoms and get triaged to the most suitable care. Download AbleTo, the stress management app for self-care tips, meditations, coaching, and therapy choices. By consolidating our mental health services from Optum with pharmacy services through Optum Rx, and existing Optum Disease Management programs, WHA members can benefit from integrated services.

ALTERNATIVE MEDICINE

Your health plan includes acupuncture services and chiropractic care, provided by our partner, Landmark Healthplan of California, Inc. PCP referral is not required to receive covered services.

- **Acupuncture** benefit covers treatment of pain related to acute neuromusculoskeletal conditions such as dysfunction of the neck, back or joints, headaches, carpal tunnel, arthritis, allergies and asthma. Typically covered acupuncture services include: evaluation, manual stimulation, electroacupuncture, moxibustion, acupressure, and cupping.
- **Chiropractic** benefit covers treatment of pain related to acute neuromusculoskeletal conditions such as low back pain, sprains and strains, headaches, neck pain and muscle spasms. Typically covered chiropractic services include: history, conjunctive physiotherapy, examination, x-rays, and manipulation.

Go online to choosewha.com/directory to search Landmark Healthcare's provider directory or call 800.298.4875 to locate a participating nearby practitioner. Review the combined Summary of Benefits/Evidence of Coverage based on your plan type by visiting mywha.org/cam.

WELLNESS PERKS & PROGRAMS

You deserve every opportunity to reach your health and wellness goals. Take advantage of many WHA programs and resources to support you in living a healthy lifestyle. Visit mywha.org/wellness.

- * **REVERSE TYPE 2 DIABETES** with a telehealth coaching program that helps members lower blood sugar and A1C, reduce or eliminate diabetes medications, and lose weight. The coaching, services, and supplies are included at no added cost for eligible plan members.
- * **HYPERTENSION MANAGEMENT** is easy with advanced technology, along with coaching and other tools to better manage your blood pressure. Members 18+ diagnosed with hypertension (high blood pressure) may enroll at no added cost.
- * **NUTRITIONAL COUNSELING** is now offered by WHA, one of the first health plans in our area to offer weight management support. Whether dealing with issues of obesity, eating disorders, or needed weight gain, talk to your doctor to see if you meet specified medical criteria for referral to a nutritionist. You'll have the same cost-sharing that you would have for a primary care office visit.
- * **DIGITAL PAIN MANAGEMENT** is offered through an innovative program and app to help with back, neck, and knee pain. Ideal for those who can't always travel to appointments, you can still get care and support through real-time automated exercise feedback, function assessment, and warm-ups for virtual therapy that is accessible anytime.
- * **CHOOSEHEALTHY®** offers savings on wellness products and services to help you discover new ways to live better every day. The program features discounts of up to 50% on popular health and fitness brand like FitBit, Garmin, Skechers, Vitamix, and more. You also enjoy savings on therapeutic massage services through a network of practitioners. Explore hundreds of products and services to support your healthy lifestyle.
