

advantage

You choose your specialist.

WESTERN HEALTH'S Advantage Referral

gives you access to many of the specialists within your provider network, not just from your doctor's medical group.

WHAT SHOULD I DO IF I NEED TO SEE A SPECIALIST?

Your primary care physician (PCP) will determine when you require specialty care. Simply ask your PCP to refer you to a WHA specialist* that participates in Advantage Referral. Search for a specialist at mywha.org/directory or call Member Services at **888.563.2250**. Specialists not participating in Advantage Referral are indicated.

Referral Not Required* OB/GYN services for women and annual eye exams (when covered) do not require a referral or prior authorization.

HOW DOES ADVANTAGE REFERRAL WORK?

When medically appropriate, your PCP will send a written referral to your medical group. A referral takes five days to complete for routine requests and 72 hours for an expedited request. Once the referral is processed you will receive notification with details of your referral.

NOTE: If you receive care from a WHA specialist prior to receiving a referral, you may be liable for the cost of those services.

IS PRIOR AUTHORIZATION REQUIRED?

No, prior authorization (pre-approval) for an Advantage Referral is not needed since your PCP has established medical necessity by requesting speciality services.

*Advantage Referral and access to doctors varies by network.

We emphasize access to care, starting with the exceptional range and reputation of our providers across nine Northern California counties.

Search our Provider Directory at choosewha.com/directory to find a specialist that participates in Advantage Referral. Or to learn more about our medical groups, visit choosewha.com/network.

Western Health Advantage
