

Free Meter Program

Diabetes can harm your eyes, kidneys, nerves, heart and blood vessels. The impact can be long-term. Regular blood sugar testing can help you manage your diabetes and may lead to better glucose control.

Take advantage of this great offer

To help you monitor blood sugar levels, your pharmacy benefit plan offers a Free Meter Program. With this program, you may be able to get a blood sugar meter at no added cost. You and your doctor can choose from various meters. For more details, call Western Health Advantage member services at **1-888-563-2250**, or order below from the manufacturer.

How to get your free meter

The first step in every diabetes care plan is talking with your health care team. If you would like a new blood sugar meter, tell your doctor or diabetes educator. They will help you select the no-charge meter that's right for you. Once you decide, it's easy to place your order. Just call the manufacturer's Service Center any time or go online to complete the form and select your meter.
